

Premium Growth

AWARD WINNING PLANT FOOD

F001360

8147

Monty's is asked for by name by Master Gardeners, Garden Clubs and avid gardeners everywhere! The natural science behind Monty's began over 25 years ago as champion rose grower, Monty Justice, was looking for a superior plant food. His original formula has grown into a line of quality products that are used by homeowners, commercial landscapers and farmers across the country.

GUARANTEED ANALYSIS 8-16-8

Total Nitrogen (N)	8%
3% Ammoniacal Nitrogen (N)	
5% Urea Nitrogen (N)

0.30% Chelated Iron (Fe)	
Zinc (Zn)	0.05%
0.05% Zinc (Zn)	

Derived from: Ammonium Hydroxide, Phosphoric Acid, Urea, Potassium Hydroxide, Iron EDTA, Zinc EDTA

Information regarding the contents and levels of metals in this product is available at: <http://www.aapfco.org/metals.html>

Monty's Premium Growth can be used on all plants including trees, shrubs, flowers and vegetables from emergence to bloom stage, or maturity in non-blooming plants, when overall plant growth is desired.

Application Rates: Monty's Premium Growth is a concentrated liquid plant food that should be diluted before using. Dilution rate is 1 teaspoon per 2 gallons of water.

Application Information: May be applied weekly, bi-weekly, or monthly depending on the desired results. May be applied to the soil with a watering can, soaker hose or drip irrigation. May be foliar applied (misting of leaves) with pump-up or hose-end siphon type sprayer. Spray in the early morning or evening when the threat of evaporation is diminished. Monty's is rainfast in 2 hours.
